**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. Currently there is none and what IS available is not effective (very slow and often buffering or just not connecting) or reasonably priced! (ridiculous fees for a bad service!) I would like to see competition so these two factors can be rectified! Definitely NO price hikes on what is currently in place! The internet is critical to my business and livelihood!

Thank you!
